

**This disassembly instruction is applicable to AYLES Chair.**

**For material recycling information please refer to the End of Life Recovery Matrix and List of Recycling Facilities, which is available at [www.allseating.com](http://www.allseating.com).**

Tools: #2 #3 Phillips head, Rubber mallet or hammer, Small flathead screwdriver, Allen key, Box cutter.

Skill Set: Good manual dexterity

Estimated Time: 7 minutes per chair

- Steps:
1. Base - 1min  
Hold the base legs firmly and strike the bottom of cylinder with a hammer until base comes loose, remove base.
  2. Casters - 2min  
Grasp and pull to remove casters from the base.
  3. Cylinder - 1min  
Remove cylinder by placing one hand on can of cylinder and hit the bottom of the mechanism with hammer until cylinder separates from mechanism.
  4. Mechanism - 3min  
Turn the chair upside down, so the bottom is visible. Locate the five (5) fasteners located underneath. Remove the mechanism from the seat.

***For further dismantling, the upholstery from the Chair Frame could be removed. The foam and metal would be left. The foam could be disposed of and the recovered metal could be recycled.***
