

Information Guide

HANDLE

The handle, created for ease of mobility, is available in black.

UPHOLSTERY

For a greater design expression, single tone or optional dual tone upholstery is available.

**WATERFALL EDGE**

The descending lip makes the chair more friendly and approachable and gives the stool an ergonomic edge by providing relief to the hamstring.

STITCHING

Standard tonal stitching with optional contrast stitching available.

BASE

The base is available in either a still or slightly convex sway configuration to promote active sitting and engage the core.
