

ENTAIL[®]
ALL THE EXTRAS.

ENTAIL WITH BLACK FINISH
AND UPHOLSTERED WITH
GABRIEL ATLANTIC IN OBSIDIAN.

Entail offers a variety of essential features to support a broad range of body types such as a 2" seat slider, standard on both mesh and fully upholstered version. The mesh version has a dynamic back design that maintains full contact as the user shifts from task to task. To prevent fraying and extend the chair's lifespan, the mesh is integrated directly into the back frame. For added support, an optional lumbar and headrest are available on the mesh version, while the fully upholstered version comes standard with built-in lumbar adjustment.

Dual function arms that are height adjustable with arm caps that move front to back are available on both the mesh and fully upholstered versions. An InStock model of the mesh back includes the dual function arms and is configured in a Black frame finish, M1 Onyx mesh and Oasis Night fabric.

**ESSENTIALS
STANDARD.**

VALUE ADDED.

With so many ergonomic features included, Entail is setting a new standard for entry-level task chairs. Choose from either mesh or upholstered back, both are available in a smoke or black frame finish and the mesh back is offered in 34 mesh colors across 5 patterns.
