

Supply Arrangement No. E60PQ-140003/060/PQ CAT 6
Contract Term: 04-24-2019 to 04-23-2029

For General Inquiries regarding the Supply Arrangement, how to contact Authorized Dealers etc. and for receiving Bid Solicitations pursuant to the resulting Supply Arrangement, Please contact:

Cindy Lawton-Moreby

Tel: 416-671-5694 | E:cindy@allseating.com | Web: www.allseating.com

At Allseating we design and manufacture seating products for the commercial, healthcare and educational markets. Located in a 250,000 square foot facility in Mississauga, Ontario, Allseating has been in business for 37 years and prides itself on being able to offer our clients products **made in Canada**.

By Looking beyond the chair, Allseating will provide a strong partnership approach before, during and after the sale. At Allseating we strive to be more consultative and focus on developing seating solutions that address our customer's needs. We understand that the purchase of furniture is a big commitment and we welcome the opportunity to provide a perspective beyond products in advance of any purchasing decision.

Our clients work with us for three key reasons.

1. **Affordable Innovation** – We design all new products with an aim to provide innovation at an affordable price point. From our revolutionary modular soft seating system which can be specified in over 160,000 configurations, to our impeccable fit and finish details, we offer a variety of products to suite most budgets and design requirements.

2. **Flexibility** – We offer unparalleled flexibility in our product offering. Our standard products come with a multitude of options and we work with most major fabric manufacturers. If however, we need to do something a little bit different to accommodate our client's requirements, we're happy to do it. Allseating is both an ISO 9002:2001 Quality and ISO 14001 registered company. All of our products are Indoor Advantage Gold Certified and BIFMAe3 Level 2 certified making our seating eligible for most, if not all, available LEED points.

3. **Service Excellence** - We strive to honour a quality policy that commits to providing products and services that are delivered to our customers on schedule, at a competitive price, and of the highest quality, all with a view to reducing our environmental impact. We also do our utmost to cultivate relationships with our vendors that stress continuous improvement in product quality, service and support. Our guarantee is one of the best in the industry, covering materials and workmanship on frames, bases, controls and gas lift cylinders for 12 years.

Allseating's dedication to its customers has gone hand in hand with that of its employees, all of whom are committed to supporting superior products with outstanding customer service.

In order to carry out the services throughout the different projects we have aligned ourselves with strong dealer partners across North America. Through these partnerships we are able to consult with our clients to provide the right solution for each project, produce floor plans and 3D drawings, repair, maintain, deliver and install furniture and equipment throughout the country, provide installation evaluation and the supply of maintenance manuals and training materials in both English and French for all product specified.

We consider ourselves to be the right supplier for all of these reasons along with our client satisfaction record, our willingness to be flexible, the design and strength of our product lines, innovation in product design, our seating and ergonomic expertise and the dedication of our head office staff and project team.

Supply Arrangement No. EP60PQ-
140003/060/PQ Allseating Corporation – CAT 6

General Instructions:

Orders:

All orders must be made out to:
Allseating Corporation
5800 Avebury Road, Unit 3
Mississauga, ON L5R 3M3

**** We will not accept orders made out to our authorized Dealers****

Shipping Addresses must contain a complete address with postal code, site contact person name and phone number.

Orders must include department name, invoice address and contact, shipping address and contact, GoCUID #, product code, upholstery code, quantity and SA net price.

Freight and Installation:

Please contact your authorized Allseating dealer or Allseating Customer Service for delivery and installation quote. Delivery and Installation must show as a separate line item on the PO.

NOTE - Additional freight charges apply for fully assembled, blanket wrap, time and date appointment deliveries or special freight dock or curbside delivery requirements. Please refer to the web site or contact customer service to determine additional freight charges.

Storage Charges:

It is the customer's responsibility to communicate any construction delays prior to production and shipment of the product. Delays communicated once chairs are in production or after ship date will incur storage charges.

Payment by Credit Card:

Allseating accepts payment via Visa and Master Card. Please download the credit card order form. Please contact customer service for CC Form or go to our Cdn Gov link on our web site under the resources/contracts tab.

Payment Terms –Net 30 days

Supplier's Work Coverage (Authorized Dealer List) :

Please See Authorized Dealer List

Competitive Process Tiers:

Tier 1 – Up to \$24,999.99

Tier 2 - \$25,000.00 - \$399,999.99

Tier 3 - \$400,000+

NSA Product

Non Supply Arrangement Product (NSA) can be incorporated in individual Bid Solicitations / Request for Bids and Resulting Contracts. NSA products can be added to a requirement within the allowable percentage per category (30%). The products must be added to the category in which they are most closely related. The specifications must be generic and the dimensions must include tolerances and ranges.

Added Product Details

Added product details can be incorporated into the individual solicitations (RFB's) and resulting contracts. The added product details are applicable to pre-qualified product and must be within the scope of the specification. Examples such as design criteria and specific product attributes, can be added to meet legitimate justifiable operational needs as long as the added product detail is generic and does not name a specific product or manufacturer. It is the responsibility of the User to justify any added product details to an RFB. All justification information should be on file in order to defend any complaints during the procurement.
