DART

A FLOURISH OF SOPHISTICATION

WHAT

- + Who do you meet in the conference room? From new clients to old friends, interviews to weekly touch-base meetings, conference rooms deserve a comfortable yet durable seating option.
- + Meet Dart, Allseating's latest sleek executive conference chair that exudes classic, clean lines with contemporary stitching details that add a flourish of sophistication.

WHY

- + As shared working spaces in modern offices continue to trend upwards, in-person collaboration grows. From larger conference rooms to smaller breakout spaces, employees are looking for meeting spaces that fit their team's specific collaboration needs.
- + The way people work has changed due to hybrid models. Time spent in the office is focused less on routine tasks and individual work, and more on inspired collaboration and socializing with coworkers.
- + Boardrooms continue to be the space that makes a first and lasting impression.

HOW

- + A fully upholstered conference chair with horizontal stitching details along the back for a classic look with a focus on back support.
- + Available with midback, perfect for meeting spaces, and high back for executive offices.
- + A waterfall seat that relieves stress on the hamstrings while sitting.
- + Featuring an aluminum conference 7-arm with a black cap, or a height-adjustable task arm in either black or birch. Base comes standard in nylon or can be specified in polished aluminum.
